Ingredient	Proportion
TCC 5X	1 KG
DM Water	4 KG

Process For 5 liter Batch :

- Add TCC5X @ 1kg,
- Add 1 Kg DM Water first & Mix Well, After Stable add Remaining 3 Kg DM water slowly and stir rigorously for 15 mins & Keep it Aside for Stable.
- Continue Same Proportion for Next Batch.

Pack Size :20kg, 25 kg & 50kg

Copper Cleaner Concentrate 5X

Ingredient	Proportion
CCC 5X	1 KG
DM Water	4 KG

Process For 5 liter Batch :

- Add CCC5X @ 1kg,
- Add 1 Kg DM Water first & Mix Well, After Stable add Remaining 3 Kg DM water slowly and stir rigorously for 15 mins & Keep it Aside for Stable.

- Continue Same Proportion for Next Batch.

Pack Size :20kg, 25 kg & 50kg

Leather Polish & Cleaner Concentrate 5X

Ingredient	Proportion
LPCC5X	1 KG
DM Water	4 KG

Process For 5 liter Batch :

- Add LPCC5X @ 1kg,
- Add 1 Kg DM Water first & Mix Well, After Stable add Remaining 3 Kg DM water slowly and stir rigorously for 15 mins & Keep it Aside for Stable.

- Continue Same Proportion for Next Batch.

Pack Size :20kg, 25 kg & 50kg

Rust Remover Concentrate 10X

Ingredient	Proportion
RRC10X	1 KG
DM Water	9 KG

Process For 10 liter Batch :

- Add RRC10X @ 1kg,
- Add 1 Kg DM Water first & Mix Well, After Stable add Remaining 8 Kg DM water slowly and stir rigorously for 15 mins & Keep it Aside for Stable.
- Continue Same Proportion for Next Batch.

Pack Size :20kg, 25 kg & 50kg

Shoes Polish & Cleaner Concentrate 5X

Ingredient	Proportion
SPCC5X	1 KG
DM Water	4 KG

Process For 5 liter Batch :

- Add SPCC5X @ 1kg,
- Add 1 Kg DM Water first & Mix Well, After Stable add Remaining 3 Kg DM water slowly and stir rigorously for 15 mins & Keep it Aside for Stable.

- Continue Same Proportion for Next Batch.

Pack Size :20kg, 25 kg & 50kg

Adhesive Remover Concentrate 10X

Ingredient	Proportion
ARC5X	1 KG
DM Water	9 KG

Process For 10liter Batch :

- Add ARC10X @ 1kg,
- Add 1 Kg DM Water first & Mix Well, After Stable add Remaining 8 Kg DM water slowly and stir rigorously for 15 mins & Keep it Aside for Stable.

- Continue Same Proportion for Next Batch.

Pack Size :20kg, 25 kg & 50kg

Natural Mosquito Repellent Spray Concentrate 5X

Ingredient	Proportion
NMRSC5X	1 KG
DM Water	4 KG

Process For 5 liter Batch :

- Add NMRSC5X @ 1kg,
- Add 1 Kg DM Water first & Mix Well, After Stable add Remaining 3 Kg DM water slowly and stir rigorously for 15 mins & Keep it Aside for Stable.
- Continue Same Proportion for Next Batch.

Pack Size :20kg, 25 kg & 50kg

Toy Cleaner Concentrate 10X

Ingredient	Proportion
TCC10X	1 KG
DM Water	9 KG

Process For 10 liter Batch :

- Add TCC10X @ 1kg,
- Add 1 Kg DM Water first & Mix Well, After Stable add Remaining water 8 Kg DM water slowly and stir rigorously for 15 mins & Keep it Aside for Stable.
- Continue Same Proportion for Next Batch.

Pack Size :20kg, 25 kg & 50kg
